Conference

The Cost of Fire

The Good

The Bad

The Necessary

West Yellowstone, MT

April 19-21, 2011

Highlights of the Conference

The Cost of Fire

**The Good
The Bad
The Necessary**

In times of declining budgets and heightened public concerns about wildland fire, it has become even more important to explain the cost of doing business.

What's the cost of implementing fire prevention and education?

What's the cost if we don't?

What's the cost to the ecosystem if we don't have fires?

What's the cost if we do not treat burned areas?

What's the cost to be Firewise?

What's the cost if it isn't done?

The Cost of Fire Workshop April 19-21, 2011 will help answer these questions and more.

Learn about the latest research and programs:

- *mountain pine beetles and fire behavior.*
- *forest health and the relationship to wildfire.*
- *wildland urban interface in the grasslands.*
- *rangeland education programs.*
- *innovative fire education.*
- **Ready Set Go+**

Early Bird Registration—\$50
