May 7, 2010

Dear Local FireSafe Councils, FireSafe Montana Members, and Communities:

FireSafe Montana and the Governor's Office of Community Service have teamed up to raise awareness about wildland fire safety, mitigation, and prevention. Our goal is to assist communities with wildland fire safety, mitigation, and prevention through education and awareness, while promoting community service and landowner responsibility.

The week of June 21-27, 2010 has been designated as Wildfire Preparedness Week. FireSafe Montana and the Governor's Office of Community Service will be encouraging communities across the state to get involved and prepare for wildfires.

This initial letter is to provide you with some general information and encourage participation. If you are interested in planning an event during the week of June 21-27 FireSafe Montana will provide free printing of flyers and postcards for your event.

Thank you for your time and we look forward to working with you. Enclosed you will find program ideas, overall objectives, timeline, contact information, and a sample flyer. Do not hesitate to call with questions.

Sincerely,

A handwritten signature in cursive script that reads "Crystal Hagerman".

Crystal Hagerman
